Troubleshooting

Data Analysis

Objectives

Highly motivated and ambitious IT Technician with a strong foundation in Software Engineering, Programming, Networks, Operating Systems, and Mobile Applications. In addition, I am eager to leverage my technical expertise and problem-solving skills to contribute to a dynamic and innovative team. I possess excellent communication, teamwork and adaptability skills, and I am ready to learn and grow within a fast-paced environment.

Employment History

IT Support, Sange SA

August 2024 – Present

Development and Programming

- Designed, developed, tested and debugged software applications using diverse languages
- Implemented efficient algorithms and data structures to optimise software performance.
- Performed code reviews and testing
- Contributed to agile development methodologies
- Managed the Installation, configuration, and maintenance of computer systems and network infrastructure.
- Diagnosed and resolved hardware and software faults.
- Performed system upgrades and maintained backup routines.
- Provided technical support to end-users.
- Ensured network security and managed access permissions.

IT Intern, Richfield Graduate Institute of Technology

November 2023 – January 2024

Development and Programming

- Designed, developed, tested and debugged software applications using diverse languages
- Overlooked the implementation of efficient algorithms and data structures to optimise software performance.
- Performed code reviews and testing
- Contributed to agile development methodologies

System Administration & Operations

- Installed and configured various operating systems
- Managed network infrastructure
- Monitored System Performance
- Automated tasks and scripts to improve system administration efficiency

Security & Compliance

- Overlooked the implementation and maintenance of network protocols, firewalls and intrusion detection systems
- Identified and assessed any potential security risks
- Stayed up-to-date with emerging cyber threats and vulnerabilities

User Support & Communication

- Provide technical support to users, troubleshooting software and hardware issues effectively
- Communicate technical concepts clearly and concisely to both technical and non-technical audiences
- Document procedures and solutions for future reference and knowledge sharing

Adaptation and Continuous

- Remain engaged in continuous learning, adapting to evolving technologies and best practices in software engineering, programming languages, mobile development, and operating systems
- Actively participate in professional development opportunities, workshops, and online courses
- Always willing to experiment, assist, and learn new skills to stay competitive in the ever-changing IT landscape

Education

Higher Certificate in Information Technology in Support Services (Rosebank College)
2016-2018 (Obtained)

Bachelor of Science in Information Technology (Richfield Graduate Institute Of Technology)
2020-2023 (Obtained)

LETTER OF REFERENCE

30 March 2026

To Whom It May Concern:

I am pleased to provide this reference for David Khakhu, who served as an IT Intern at Sange SA (Pty) Ltd for a period of just over 18 months.

During his time with us, David demonstrated a consistently positive attitude and a strong sense of professionalism. He conducted himself with respect, integrity, and a commendable level of discipline, particularly in how he engaged with leadership and followed organisational processes. His reliability and willingness to assist wherever needed made him a valued member of the team from a cultural and interpersonal perspective.

While his primary role was within the IT function, David was also frequently involved in supporting our Operations team with various ad hoc tasks. In these instances, he showed a readiness to step in, contribute, and support broader team objectives. His eagerness to learn and assist did not go unnoticed, and he consistently made himself available when required.

David is someone who thrives in structured environments where expectations are clearly defined, and he benefits from guidance and support as he continues to develop his technical and professional capabilities. He brings with him a positive energy, a respectful demeanour, and a genuine willingness to contribute.

We appreciate the time he spent with Sange SA and the effort he invested during his internship. We believe he has the foundational attributes to grow with the right support and opportunity, and we wish him well in his future endeavours.

Should you require any further information, please do not hesitate to contact me.

Yours truly,

Viwe Gobodo

Managing Director
